Total interest	₹5,13,623
Total borrowing cost	₹5,13,623
Cost per lakh	₹51,362
Effective APR	8.90%

Assumptions and warnings

RBI bars foreclosure and prepayment charges on floating-rate home loans to individual borrowers, so you can prepay any amount for free. The rate can reset, though — every figure here assumes it never does.

This report reproduces the stored comparison snapshot. It does not recalculate the finance result.

Important

Illustration only. Confirm rates, fees, eligibility and repayment terms with the lender.
